HOUSE MAY MEET IN FEBRUARY

TARIFF REVISION PROBABLE THIS SESSION

Fall Sessions of the Federal House Cannot Begin Until 1907 Owing to Necessary Change in Fiscal Year

Ottawa, Dec. 1.—Parliament will not be summoned before February and the tariff inquiry will be prosecuted with all possible despatch with a view to revision at the coming session. As the present financial year will not end until June 30 next, it will not be possible to have a fall session next year, as there would be no business to go on with. Before the fall sessions begin, the financial year must be made to terminate on March 31. It was generally expected this was to be the case in March next, but it cannot be done until March, 1907. The tariff inquiry will carry on its investigations with all possible speed, the idea being to have the revision taken up and put through at the approaching session. The evidence will not be all taken until January and then the schedule will have to be prepared so that it is safe to say there will be no summoning of Parliament until well into February. The commission leaves for Winnipeg tomorrow. The Territorial Grain Growers' Association has asked the commission to delay visiting Saskatchewan until after the elections. To this request the commission has agreed. The first meetings in the Northwest will be held at Calgary on December 31, Edmonton, December 12th; Prince Albert, December 14th, and Regina, December 16th. The Manitoba program remains as arranged.

CROP SURPASSES PREVIOUS RECORDS.

Winnipeg, Dec. 24.—No less than 32,052,250 bushels of the 1905 crop have been inspected to November 30, according to figures compiled from returns of the chief grain inspectors. A comparison of these figures with those of corresponding figures in previous years shows a marked superiority of this year's crop. During September, October and November the first three months of the present crop a total of 30,525 cars of wheat have been inspected, of which 251 cars were inspected at Calgary and the balance at Winnipeg. Last year during the same period there were 29,120 cars and 21,126 bushels inspected, and in 1903 18,494 cars, or 18,491,000 bushels passed inspection.

EIGHT MEN DROWNED
Vancouver, B.C. Dec. 1.—A special from Dawson says eight men were caught in an ice jam at Coal Creek below Forty Mile and drowned on Oct. 26th. They were Alex. McLean, the noted swimmer; B. F. Sinclair; J. W. S. Ival; John Lund; C. Johnson and three others.

WINNIPEG BLOCK BURNED
Winnipeg, Nov. 30.—The Brown Block on Main street was destroyed by

fire shortly before midnight, the total loss being about \$150,000. The building which was owned by the Messrs Brown of Winnipeg, and valued at \$40,000. The principal losses were Gilbert Ridout & Co., carpet, \$8,000; insurance \$4,000; Adams & Morrison, boots and shoes \$10,000; Porter's china \$20,000.

OUR GROWING TIME

Ottawa, Nov. 30.—The customs revenue of the Dominion was nearly a half million more for the month of November than it was for November last year. Collections were \$3,790,471 or \$1,822,294 over November 1904. For the five months ending November 30th the revenue was \$19,106,300 or \$1,282,267 over the same time last year. The finances and trade of the Dominion were never so flourishing as now.

FIVE THOUSAND SLAIN

St. Petersburg, Dec. 1.—The losses in the Schestopol battle exceeded 5,000 slain. The telegraph and postal strikes are complete all over the Empire and events outside this city are shrouded in mystery. The government is unable to keep in touch with the troops who are showing signs of mutiny, especially the guards. The soldiers are working a few wires but a whole battalion of telegraphers and electricians of the Engineer corps have had to be arrested for sedition. The outlook is worse than ever.

THE CARNIVAL OF SEASONS

A treat most delightful was in store for the many who attended the Carnival of Seasons held under the auspices of the ladies of the Presbyterian church on Thursday and Friday evenings. The ladies had worked with untiring energy to present to the public something unique in the line of entertainment, and which would also be a source of revenue for the schemes of the church. That they succeeded was evident from the crowds present at the church afternoon and evening of both days.

The carnival was opened to the public at three in the afternoon, and until supper was announced at five, those present busied themselves in examining the dainty handiwork and pretty articles for sale at the various booths.

The scene that met the vision on entering the room at supper time was a brilliant one. The tables were lighted with candles and loaded with tempting delicacies. Fair ladies charmingly attired, flitted about waiting on the guests and assisting the guests to have a pleasant time. Others in the booths with bewitching smiles, offered their wares for sale, and succeeded so well in inducing those of the "weaker sex" to buy, that their purses were well filled at the close of the evening. And the supper itself was unsurpassed, delicious meats and salads there were, delicious custards and cake, and pies that won the instant favor of the hungry guests.

There were four tables presided over by Mr. Dunlop, Mrs. Alex. May, Mrs. Bruce Powley, and Mrs. Cooper, who looked carefully after the welfare of the guests at their respective tables.

After supper the crowd visited the booths. First there was the summer booth, which was a centre of attraction. It was a marvel. The decoration in all the glorious coloring of summer, was superb. This is the booth where the delicious candy

was sold. The young ladies who had charge of this booth were Miss Alice McDougall, Miss McKinnon, Miss Margaret McKinnon and Miss Lauder. There was a table in the booth where you could get ice cream, the quality of which was testified to by scores of customers.

Then there was the booth which represented autumn. This was presided over by Mrs. McPherson and Mrs. Campbell.

The decorations of this booth consisted of sheaves of grain artistically arranged, and decorations in the beautiful autumn tints. Here afternoon tea was served, and rare pieces of art displayed and purchased by many.

The winter booth next demanded attention. Here Miss Robertson and Mrs. Taylor were in charge. The booths were prettily decorated with evergreens and a background representing an Arctic scene. While suggestive of winter, this booth too, suggested all the joy and cheerfulness of the Christmas season, and many were the beautiful little wares of art sold.

Following winter, of course, came the spring booth. Mrs. Hubbell was managing affairs here, and was personally proud of the position. The decorations in green and white were beautiful. All kinds of lace work and light goods were for sale here.

The carnival was very well patronized each day and it is understood a very substantial sum was realized for the purposes of the church.

ANOTHER MAYORALTY CANDIDATE

Mr. A. T. Cushing is in the field for mayoralty honors. A requisition asking Mr. Cushing to become a candidate has been circulated during the past few days. This morning Mr. Cushing informed a representative of the Bulletin that he had decided to enter the field.

CANDIDATES FOR CIVIC HONORS

From present indications Edmonton will have practically a newly-elected council for 1906. Beside the seats of Aldermen, Clark, Fraser, Griesbach, and Picard, whose terms of office expire with the current year, there are, or will be, three other vacancies at the council board. Ald. May resigns to run for mayor and Ald. Boyle to attend to parliamentary duties, while the place of ex-Ald. McLeod has not yet been filled. For the seven aldermanic vacancies there will be three candidates at least who have sat in the council of 1905, Ald. Clark, Griesbach and Picard. Ald. Fraser may also be a candidate. Other names suggested for municipal honors are J. Calhoun, Dr. McInnis, J. Ross Palmer, S. Smith and R. J. Manson.

BOOKBINDERY AND RULING ANNOUNCEMENT

The Bulletin has recently installed an American Ruling Machine in connection with its printing business which is in charge of a competent man of large practical experience, who is prepared to execute the ruling of regular or special forms for blank books or other purposes.

Specimens of ruling with prices submitted on application at the Bulletin office.

Pleasure Giving Gifts

Seasons go by, years slip one past the other, things happen and are forgotten, but happy Christmas time, rather than a thing to be forgotten, becomes more dear to us each year. We grow to appreciate the privileges it brings to us of tangibly expressing love, friendship, and all of the other graces. The selection of some token of remembrance at the glad Yule Tide is one of the most delightful, though perhaps one of the most difficult of tasks. In the multiplicity of things that may be suitable, there is sometimes bewilderment, and were it not that the heart is the inspiration for the giving of gifts, one would be tempted to abandon the selection altogether.

But a visit to our store will suggest many useful things and help you, if possible, to make an easy selection. We have a splendid assortment to select from, among which might be mentioned:

Candelabra Mirrors, Ornamental Clocks, Photo Frames, Fancy Ink Stands, Fancy China, Card Trays, Fancy Burnt Leather Goods, Fancy Books and other novelties which cannot but please.

STRATHCONA NEWS

Interesting Items from Edmonton's Sister Town

Strathcona, Dec. 1.—H. Poser, a large rancher near Vermilion, was in town today. He reports pastures and hay plentiful in his section and stock doing well.

Thomas, Stewart was in town today making arrangements for men, teams, and supplies for the lumber woods.

Foreman Manchester and his gang finished the sewer on main street today. He does not purpose doing much more this season.

The Vogel Packing Co. are very busy these days and find it a difficult matter to handle and manufacture the large bunch of hogs which are coming in.

Mr. Quinn, late of Toronto and Indian head, is in town for a few days. He is much taken up with our western country and intends making his home here, as he purposes taking up a homestead early in the spring.

Mr. Quinn reports that Indian head has twelve large elevators and is the greatest local shipping town in Canada, as more grain is grown in the immediate vicinity than in any other place.

Mr. McCreary and his gang of men have just finished putting thirty feet on the top of the iron tower in connection with the cement elevator. He intends finishing the elevated tank at an early date.

S. Mills, of Golden, B.C. is registered at the Royal Hotel. Mr. Mills is chief of the staff which is installing the new boiler in the pumping house. He is representative of the Robt-Armstrong Engine Co. of Nova Scotia, who are furnishing the boiler.

A. Peterson, of Wataskiwin, is in town on a business trip. He is connected with a well-boring firm.

HOW IT LOOKED TO HIM

(Toronto Star)
A reader of the Star, now a resident of an Ontario town, writes as follows: Editor of the Star: I am with you most heartily in your efforts to arouse public opinion on the question of business combines, and as faith without works is dead, I enclose a sketch of how the people of Alberta and the North West generally were held up by the lumber manufacturers. The description applied three years ago when I was living in Alberta and so far as I know still applies.

First an association comprising all the lumber mills, sash and door factories, etc., was formed. Then, by agreement among themselves, no one was to sell to dealers not on their list. This made it impossible for an outsider to purchase the lumber to build or finish any sort of a house. There were a few small sawmills not included in the association, but as they could only furnish a limited line of rough lumber, it was impossible to build a house without flooring, siding, sash, doors, etc.

In order to get on the list, application for membership was to be made to the secretary of the association, enclosing a membership fee of twenty dollars, and stating the name of the town or village where the applicant wished to do business. This application was passed on by the association. If, in their opinion, there were already established at that point lumber yards sufficient, the application was refused. Should the application be granted, supplies would be sold in any quantities to the new member. No opposition lumber yard would be "laced" until under either the first men's sales were at a minimum or if he was shown to be incompetent to supply the demand. Under this working arrangement the prices of all lumber supplies were maintained, and could be raised from time to time by the association whenever it suited them.

SHORTER THAN THE C.N.R.

Montreal, Nov. 26.—The chief engineer of the Grand Trunk Pacific figures out that their route from Winnipeg to Edmonton will be 779 miles long, or eighty miles less than the Canadian Northern between these two points. He left Montreal in September and accompanied Mr. Morse, general manager, from Portage la Prairie to Saskatoon on horseback. At that point the general manager and chief engineer separated, the former returning to Montreal, and Mr. Kelher proceeding over the 250 mile section to the capital of Alberta. He reports this section as practically ready for the construction next month. He has no doubt that it can be fully graded this season.

The 275 mile section from Portage la Prairie to the Touchwood Hills, now being constructed by McMillan and McDonald, will be finished by August next according to contract. Mr. Kelher reports the country from Saskatoon to Edmonton as being of a fine character, and presents few, if any engineering difficulties. There are two cross-ings of the Saskatchewan

in view, but it will be decided which is to be occupied in a short time.

MARTINS

(Correspondence)

Threshing and fall plowing are fairly completed. Grain was exceptionally good this year in the Vermilion. Mr. Munt's oats yielded 100 bushels to the acre.

The lots at the new townsite were placed on the market recently. Rumor has it that they are selling at high prices.

There is some talk of a farmers elevator being erected at the new town site.

The very latest and perhaps the most appreciated piece of news we have is that immediately there will be erected "The Vermilion Valley Creamery" of Martin's, Alta. At a meeting last Saturday, Nov. 18, the settlers organized a creamery to be known as above. This certainly is a good thing for everybody in the district and we trust that everybody will prepare to give their cream next season. Martin's has the honor and distinction of having the first creamery in the Vermilion Valley. "Martins to the front" is our motto.

BEN. NEVIS.

WOLVES DESTROY STOCK

Red Deer, Nov. 26.—Ranches of wolves have just finished putting thirty feet on the top of the iron tower in connection with the cement elevator. He intends finishing the elevated tank at an early date.

Faith

You cannot be expected to have faith in Shiloh's Consumption Cure, the Lung Tonic, as a cure for Cough, Croup, Throat or Lung trouble. If we did not believe this we would not guarantee it absolutely as we do. We have faith in it, and to convince you that it will cure you we guarantee it. If it doesn't cure you it costs you nothing. If it does it costs you 25c. That's fair. Try it today.

Shiloh

has cured many thousands of the most obstinate cases, and we do not hesitate to say that it will cure any Cough, Croup, Throat or Lung trouble. If we did not believe this we would not guarantee it absolutely as we do. We have faith in it, and to convince you that it will cure you we guarantee it. If it doesn't cure you it costs you nothing. If it does it costs you 25c. That's fair. Try it today.

Proof

is found in the many testimonials of those who have tried Shiloh and been cured. Mrs. Archer Taylor, Annapolis, Pa., writes: "I bought a bottle of Shiloh's Consumption Cure and found it very beneficial. I have two children and they had a terrible cough. I gave them everything I could think of, but they got no better until one evening my husband brought a bottle of Shiloh. We gave it to the children when they went to bed and they slept all night. It cured them completely. I shall always keep it in the house."

THE GREAT STORM

WORST IN MANY YEARS

Further Stories of Shipwreck and Loss of Life

Duluth, Minn., Nov. 30.—The steamer William Edenhorn, went ashore at Split Rock on Lake Superior about 25 miles above Two Harbors. The information is very meagre, the wires being down, but it is known that the second engineer is drowned. The rest of the crew are believed to have been saved.

For thirteen consecutive hours between eleven o'clock Monday night and 12 o'clock yesterday the velocity of the wind averaged 60 miles an hour.

FIVE LIVES LOST

Superior, Wis., Nov. 30.—Five lives are believed to have been lost in a wrecked scow at Two Harbors. The scow broke away from the tug Gillett Monday night. The tug reached Two Harbors, and there whereabouts of the scow is still in doubt.

SCHOONER GOES DOWN.

Oshawa, Ont., Nov. 30.—The vessel "Oliver Mowat," coal laden from Oswego, for Bowmanville, is ashore at Farewell Bend, about two miles from here. The crew is supposed to be safe.

ROUGH AT PORT ARTHUR.

Port Arthur, Ont., Nov. 30.—The storm on Tuesday was more terrific than Monday. All the vessels are having a trying time. The Monarch had a rough passage, but made port in safety.

THE STORM AREA.

Detroit, Nov. 30.—Lake Superior, from Duluth to the Soo, the upper ends of Lake Huron and Lake Michigan, and the northern counties of lower Michigan were swept Tuesday night by a terrific wind and snow storm. The blizzard raged with a velocity of from 40 to 60 miles an hour, and although the barometer is falling, the weather situation is regarded as greatly improved. All ports on the lower part of Lake Superior are filled with vessels which have run in for shelter. Yesterday it was reported from the Soo that the wind is falling to twelve miles an hour. Scores of craft are tied up in St. Mary's river and about Whitefish point waiting for clearer weather. Marquette reports an unusually heavy snow storm with drifts so high that train and traction service is delayed. Tremendous seas are running on Lake Superior off Marquette harbor, and many vessels are riding out the gale inside the breakwater there. Many wires are down between Marquette and the north and communication is discontinued.

MONKSHAVEN A WRECK.

Port William, Dec. 1.—The steamer Monksaven, enroute to Port William for grain, is a total wreck on Flis Island. The crew took to the sea in an open boat and were thirty-six hours without food. A boy went crazy and will die of exposure. The men were picked up by a steamer arriving here Thursday night. The steamer Davidson, cleared yesterday with 325,000 bushels of wheat the largest cargo which ever left a Canadian port.

A WONDERFUL FACTORY

I've been in a lovely factory, in a perfect wonderland, A place that you would love to see, it is so fine and grand; It's there they make the Christmas toys.

That Christmas merchants sell; You love to know just where it is, but I promised I wouldn't tell. The proprietor is Santa Claus, and he carries a roading trade; He is as jocular as his ever was, his smile it doth not fade. He makes the loveliest things, I wish, in his workshop in a dell; You love to know just where it is, but I promised I wouldn't tell.

When I was there he was hard at work; The machinery shook the walls; Sailing away like a very Turk, at fifty million dollars; An hundred thousand soldier boys, and sea coats looked so well; You love to know this place of joys, but I promised I wouldn't tell.

Autos that you couldn't count, and a million railway trains; Woolous monkeys that can mount to the highest window panes; Big engines that snort and sizz, with a whistle that can yell; You love me where that factory is, but I promised I wouldn't tell.

Fairies were making catclo dogs, and beautiful cats of felt; And elegant spotted rubber frogs, and jump ball and jump full pots; Beautiful drums and guns—see whizz!—and you couldn't quell; You wonder where that factory is, but I promised I wouldn't tell.

When the whistle blew at five o'clock the women and the men all; Each and all day at a big corn shock, and in a golden stall; A man was painting his great big sign, and finishing each bell; Now it isn't so very far away, but I mustn't—I haven't tell!

—The Khan in Hamilton Herald.

STOVES

will soon be needed, and no doubt they will go with a rush.

If you want a first class no. 1 date Cast Iron Range that has been a winner for many years, we have the "Happy Thought". There is none of this Range in use than any other one Range in Canada, and no person has ever heard of a poor one. Then, if you want an all steel and malleable iron range, we have the "Monarch". You cannot break this range and it has a mirror polished top which makes it a thing of beauty, to look at as well as to use.

For any up to date line of heating stoves we think we have them all beat. It is not a case of you having to take what we have; our assortment justifies us in saying you can get just what you want from us.

From the smallest to the largest heating stoves in any style and for any purpose, to burn both coal and wood, or both. The prices are made to suit the pockets of all, and while we make only a very small profit on each stove we think the quantity we sell justifies us in saying that we can sell on so close a margin and still hold our own. We have everything in Stove Trimmings, and first class Mechanics to deliver and put them up. Do not waste time in king all over the city, but come direct to us.

INVESTIGATING GRAIN BLOCKADE

Ottawa, Nov. 26.—The traffic officer of the railway commission has been investigating the complaint of A. A. Wright, of Toronto, as to ear short-ages and alleged discrimination. The first complaint is that the C.P.R. at Owen Sound and the G.T.R. at Midland, Collingwood and Meaford, virtually refuse to receive from Lake Superior export grain by Fort William, unless it be forwarded from Georgian Bay elevators after the close of navigation at Montreal.

The Owen Sound complaint has not been enquired into, but the freight traffic manager and origin freight agent states under oath that this assertion is correct. In view of the complaint of the Ontario millers that the G.T.R. was giving a preference to grain for export, the company ceased contracting for export grain from the head of Lake Superior for Montreal until the accumulation of grain at the above-mentioned bay ports under shipping order has been removed because the additional quantities would have to be rushed through to Montreal before the close of navigation and freight rates would be higher.

The company's reply in regard to ear shortages at Depot Harbor is that they handled a million more bushels this year than last. As to accepting grain from the Booth fleet off Chicago, the company did not do this the boats would have to take the grain to Buffalo and Canada would lose the trade. The board will require further information before making an order.

LIKE ALBERTA RED

Winnipeg, Nov. 25.—William S. Jackson, president of the Chicago board of trade, who recently visited Winnipeg, and who has been testing samples of western winter wheat, says:

"The samples of red and white winter wheat from Alberta have been submitted to our large millers, to the Grain Inspector, Winnipeg, to the expert buyers of the elevators, and unofficially to the grain committee of our board. It was the judgment of all that the wheat was exceptionally fine and would grade number one in this market, which, commercially, is an almost unknown quality. Many here were aware that experiments in growing winter varieties of wheat had been made in the great Canadian Northwest, but few were aware of the results. The samples excited a good deal of interest, and several parties expressed a desire to own land producing such a quality of grain."

PAGE EIGHT.

CITY COUNCIL MET

As the city fathers gathered around the council table last evening, Mayor McKenzie remarked that the council was functioning. There were present Aldermen Griesbach, Picard, Bellamy, Clark, Fraser and Boyle.

COMMUNICATIONS

A petition signed by residents on Namoy avenue was read. The petitioners protested against the deflection of the road in question, stating that the road in question had been donated to the public and designed for the public use. George Sandison and others were present in support of the petition. A plan was produced of the road in question, and the matter was explained to the petitioners satisfactorily, and they withdrew the petition.

TAX REFUNDED

J. F. Lovelock, claiming that an injustice had been done him by the city, he had been here only two weeks, and during that time had been working for the city at \$4.75 per day. When he came to receive his pay check, amounting to \$17.50, \$4.50 had been deducted as post tax. He had also met with an accident during his work, which had deprived him of some time, and which had entailed an expenditure of \$12. He had also purchased his own shovel, \$1. This together with a board bill of \$5, had left him with a deficit of \$5. It was decided to pay Mr. Lovelock the balance of his wages, \$4.50.

LOOKING FOR LOCATION

A communication from Bock, Emery & Newell enclosed a letter from J. Fisher, who had a project on a washing machine. Mr. Fisher stated that he would be disposed to locate a factory here if the interests of the citizens could be aroused. The factory would be under the company's own management, and would be well backed up financially. Mr. Boyle moved that Mr. Fisher be communicated with to ascertain the number of men he would be likely to employ permanently, the size and value of their plant, etc. The motion was carried.

WANTED TO LEASE STREET

H. S. Bolster wrote asking for a lease of 22 feet on Namoy avenue, south of Jasper. This would still leave a roadway of ten feet between the Avenue and the river bank. The land, he said, was unused at present, and was useless for any other purpose than that for which he intended to use it. Mr. Bolster also asked that a provision be placed in the lease that in the event of the earth giving in at the river bank, the lease would terminate, and a proportionate amount of rent be refunded. If given a ten year lease he would pay \$100 per year. Mr. Bolster's request was referred to the committee on streets and parks.

FARMER'S PRICES

There was a letter from J. Kean, secretary of the Canadian branch of the American Society of Equity. Mr. Kean applied for permission to place a board in the office of the city market clerk, containing the former's price list as recommended from time to time for the society. Ald. Clark objected strongly to the request being granted. He thought the office should be private for the market clerk, and the public should not be allowed to go in and out as they pleased. He had no objection to the board being placed outside the office. Mayor McKenzie said the former would be always coming into the office to see the prices before selling their goods. The request was finally granted on condition that the board be placed outside the office at the expense of the society, and to meet the approval of the chairman of the market committee and to be under his direction.

REPORTS

Ald. Griesbach reported on a hay market site, stating that it was too late in the year to take any action in the matter, and it was left for the new council to deal with.

A report submitted by the commissioners regarding new sidewalks, suggesting that the matter of placing sidewalks constructed on 33-foot streets along the street line instead of in the centre of the boulevard, be left to the discretion of the commissioners. After a short discussion the report was laid on the table.

The report submitted by the commissioners regarding plans for plumbing in houses, stated that it was not possible to present a plan that would be applicable in every case. A plan was produced, however, showing the location and method of plumbing in houses. The report was adopted as read.

The plumbing bylaw, which has been on the table since last August, was then read a third time. Considerable discussion arose over the bylaw.

AM. Clark thought that a clause should be inserted in the bylaw providing for the proper inspection of plumbing and sewers, and that they be not closed in until inspected. He stated that the plumbing at his own house had been closed in without being inspected. This was a matter about which they could not be too careful. Mayor McKenzie said that the plumbing at his house had been duly inspected and that inspection was going on all the time.

A clause was drafted by Mr. Kinard, which provided for compulsory inspection of sewerage connections before the work was completed and a permit issued. This did not seem satisfactory to all, and the bylaw was referred back to the city solicitor.

Ald. Boyle thought that the medical health officer should submit monthly reports to the council as to the amount of sickness in the city and the cause thereof, and another of this kind that might come to his attention. The chairman was unenthusiastic on this question, and a motion to this effect was carried.

A report regarding the sewerage and drainage of the general hospital, which stated that the sewerage from the hospital was flowing through the streets, was read. It was found that the sewerage was flowing into the street, and the matter was referred to the city engineer.

Two petitions for grading lanes be-

tween Fifth and Sixth streets, and between Hardisty and Saskatchewan were laid on the table until first meeting of the council in April next.

TARIFF COMMISSION

Mayor McKenzie yesterday received a message informing him that the tariff commission will sit in Edmonton to hear evidence, on Tuesday, Dec. 12th. Secretary Fisher of the board of trade has been asked to make arrangements for the meeting and the hearing of evidence.

FIRE BRIGADE AT HOME

A very pleasant affair last evening was the "At Home" held by the members of the Edmonton Fire Brigade in Robertson's hall, at which a good number were present. Irving's orchestra in excellent style furnished music for dancing. An enjoyable program was given during the early part of the evening, which was opened with an overture by the orchestra. H. N. Heathcote sang "Sing me to Sleep," and Geo. McLeod sang "Home 'Weary Home." Mr. Heathcote also gave a reading entitled "Maurice and Frank Invents a story," an "Myrr and Frankenstein." The Misses Heathcote read most delightfully a poem about E. C. Pardee, and the song "I want to join the army." Refreshments were then served and the remainder of the evening spent in dancing.

REMEMBER THE DAY

The President of the St. Andrew's Society on Thursday received the following self-explanatory messages:

Roseland, B.C., Nov. 30, President St. Andrew's Society, Edmonton:
The members of Roseland, pausing for the day from delving for gold, silver and copper, in order to honor the day, send greetings.

Vancouver, B.C., Nov. 29, President St. Andrew's Society, Edmonton:
May ye affairs be well happt and may ye aye a daimie jicker in B.C. thrive for any monie or mondie work.

WM. MURRAY, President.

PROMINENT WINNIPEG MERCHANT DEAD

Winnipeg, Dec. 1.—Rev. J. Whittle, aged 60 years, died here tonight. He was the founder of the only local wholesale clothing store in Winnipeg. Whittle came from Arnprior, Ont., and started in retail business on Main street, later moving to McDermott avenue, where he instituted his wholesale business. He was quartermaster of the 30th Rifles. His brother, Sir William Whittle of Belfast, Ireland, had been in business in Arnprior, Toronto and Ottawa. He was active in Y. M. C. A. circles here, having been the local president for five years.
